

Product & Operations Manager (m/w)

France

Be the missing link in our chain! Be part of our family!

You are looking for team spirit, creativity and an openness to new ideas?

You have a passion for new technologies?

Then we are the right company for you to become a highly valued team member!

Join **sunhill technologies GmbH** and influence the **future of mobility and payment** by fulfilling exciting and challenging projects. We are looking for motivated individuals to work on cutting-edge technologies with sunhill's big variety of partners. As a subsidiary of Volkswagen Financial Services AG, we keep the agile start-up spirit alive while leveraging the global reach of a worldwide successful automotive player.

What are you waiting for? Join our international team to manage, develop and scale mobile payment systems for the French market.

Your responsibilities:

- Conduct overall project coordination and management
- Ensure that all projects are delivered on-time, within scope and within budget
- Work closely with internal departments (e.g. IT, Marketing, Sales) and external partners
- Manage and follow up the contractual agreements for partners and customers with management
- Plan and organize technical change requests
- Create reportings and conduct analysis of different KPIs
- Create and maintain comprehensive project documentation
- Setup operation and support processes
- Conduct 2nd level support
- Suggest and support with implementation of product/service improvements
- Manage quality assurance and perform testing of products/services

You should be able to offer:

- University degree in information systems or business administration or any equivalent experience
- Preferably first experience in an IT-company and/or mobile app solution environment as well as an affinity to digital topics
- Ability to manage multiple projects and work under pressure
- Proficiency in MS-Office (Excel, PowerPoint, Word)
- Fluent in French and English language

- Strong organization/project planning, time management, and change management skills across multiple functional groups and departments
- Strong communication skills, structured work approach and team player attitude
- Willingness to travel

The following skills are considered a “plus”:

- Professional experience in project management
- Professional experience with key account management, sales , IT Operations and/or product management
- First experiences with collaboration tools like JIRA and agile project management methods

What we can offer you:

- A young and international company culture in a start-up work environment
- Strong team spirit and regular team building events
- “Flex-time” employment
- Competitive salary and additional performance-based rewards
- Support for further education, training and professional development

Curious? Then please send your application to jobs@sunhill-technologies.com and help us develop mobility and payment solutions!

We are looking forward to getting to know you!
