

Android Developer (m/f)

Be the missing link in our chain! Be part of our family!

Join **sunhill technologies GmbH** and influence the **future of mobility and payment** by fulfilling exciting and challenging projects. We are looking for motivated individuals to work on cutting-edge technologies with sunhill's big variety of partners. As a subsidiary of Volkswagen Financial Services AG, we keep the agile start-up spirit alive while leveraging the global reach of a worldwide successful automotive player.

Join our international team to manage, develop and scale mobile payment systems for a global market.

You will be involved in the design and implementation of our state-of-the-art technical solutions:

- Design and build advanced applications for the Android platform
- Build the digitalized future with backend solutions for charging electric cars, parking payment, truck fueling, public transport, ski ticketing, etc.
- Working across several projects and influencing technical as well as business decisions

You should be able to offer:

- At least 2 years of experience working as an Android Developer
- Very good Java programming language skills
- Strong knowledge of Android UI design principles, patterns, and best practices
- Very good English language skills, motivation and team player attitude
- Familiarity with RESTful APIs to connect Android applications to back-end services
- Experience using version control systems, particularly Git

The following skills are considered a "plus":

- Reactive programming (RxJava)
- Kotlin programming language
- Experience publishing a high quality Android application to the Google Play Store
- A knack for benchmarking and optimization of Android applications
- Photoshop

What we can offer you:

- A young and international company culture in a start-up work environment
- Top notch development environment, e.g. IntelliJ IDEA, GitLab, Jenkins
- "Flex-time" employment
- Competitive salary and additional performance-based rewards
- Support for further education, training and professional development

Please send your application to jobs@sunhill-technologies.com and help us develop mobility and payment solutions!
